Local legislator receives endorsement from educators, realtors

Kansas National Education Association, Kansas Realtors Association endorse Sydney Carlin

TOPEKA – In her bid for reelection to the Kansas House of Representatives, Rep. Sydney Carlin, Manhattan, announced today that she has received the endorsement of both the Kansas National Education Association and the Kansas Realtors Association. Carlin's endorsement comes from her consistent voting record to support strong schools and healthy housing market.

"I am honored to receive the support of the KNEA and KRA," said Carlin. "I have worked hard to represent the interests of our community in the Capitol and I will continue to do so if re-elected."

The Kansas National Education Association is committed to improving public education. They have worked to close the achievement gap in Kansas, recruit and retain high quality educators and guarantee appropriate funding to schools of all sizes and needs.

"Lawmakers have a responsibility to maintain the promise of a quality education for all Kansas students, regardless of what school they attend," said Carlin. "I will continue to support public education if re-elected to the Kansas House- it is the best possible investment we can make in our future and our state."

After year of skyrocketing foreclosure rates, the Kansas Realtors Association also took tremendous care in endorsing 2008 legislative candidates. Throughout her tenure, Carlin has supported legislation to promote a healthy housing market and protect Kansas homebuyers.

Carlin was first elected to the Kansas House of Representatives in 2002. She represents House District 66, which covers much of eastern Manhattan.
